

3A2NGP

895 – 935 MHz Coaxial Circulator, UHF, 3A2NGP

Looking for a weather resistant SMR, 895 – 935 MHz circulator that can handle 100 watts?

Renaissance 3A2NGP is outdoor deployable, very low loss and very high isolation circulator that can withstand -30 to 85°C temperature range.

PRODUCT FEATURES & BENEFITS

- SMR, trunked applications
- High isolation and low loss
- Weather resistant, can be deployed in outdoor conditions
- High power
- Compact size

SPECIFICATIONS

Frequency	895 – 935 MHz
Insertion loss	0.25 dB, 0.35 dB Max
Isolation	30 dB @25°C, 25 dB Min
VSWR	1.20 : 1 Typ, 1.25 : 1 Max
Power CW	100 Watts
Temperature	-35°C to 85°C
Size	1.67" x 1.50" x 1.01"
