

Base: 19" Rack Mountable x 4RU x 10"

Expansion: 19" Rack Mountable x 2RU x 10"

**Base unit provides quad 1 x 8; dual 1 x 15; dual 8 x 8; 2 x 2...8 x 8; 15 x 15 and 1 x 29.
Modular Expansion: quad n x 8, where $n \geq 2$ and ≤ 8 ; 4 x 4, 1 x 15; dual 1 x 29.**

- Modular Approach to Switch Matrices – traditional matrices are custom configured for n x m I/O. The customization results in higher unit price due to NRE.
- By Modular Assembly Approach, the goal is to develop a “building block” and eliminate the NRE cost in future bids.
